

# Suggested Use of Oradix Brain Protocol Package

## 1 month protocol

From day one, take **StemDetox** between meals; 1 capsule 2X daily for the 1st 5 days, 3 capsules 2X daily in the next 5 days, and 5 capsules 2X daily afterward.

Take 2 capsules of **StopReabsorb** every evening, one hour before taking the suppository.

Drink 7ml (measuring cup is supplied with the bottle) of **Flavin7 Gold** daily.

From the 2nd week, start **Glutathione 1.5** every 2nd night and every night from the 3rd week.

The program gives you the flexibility to take less or more based on your doctor's advice and based on your personal experiences as you go along.
